vielen Dank für die Unterstützung durch den Verein zur Förderung der Wirtschaftswissenschaften an der AAU.

Die Tagung hat in der letzten Woche durchwegs erfolgreich stattgefunden. In der Beilage erlaube ich mir dir ein Tagungsprogramm sowie eine Teilnehmerliste zu übermitteln. Wir erhielten insgesamt 29 Einreichungen, von welchen das wissenschaftliche Komitee 20 akzeptiert hat. Von den 20 akzeptierten Einreichungen erhielten wir schließlich 18 "full papers", die wir zu einem interessanten Programm zusammengefügt haben. Zusätzlich zu den Fachvorträgen enthielt das Programm 3 Keynote-Vorträge. Insgesamt haben Teilnehmer aus 11 Nationen die Artificial Economics 2013 besucht.

Der Tagungsband lautet auf den Titel "Artificial Economics and Self Organization" und ist in der Reihe Lecture Notes in Economics and Mathematical Systems des Springer Verlages erschienen - ein Exemplar davon werde ich dir übermitteln.
