18	1360497	Mikić Marijana			

Activities

General remarks:

We visited two companies and a cultural activity in the city of Ljubljana. Overall, the excursion went well. The presentation and tour in Donar was insightful and interesting in the field of entrepreneurship, innovation and production. Donar is recommended for future visit. Union Brewery Museum and Production tour was also stimulating and knowledgeable. Two companies gave different knowledge on the production facilities. The cultural activity was about the history of Ljubljana through city walking.
